## **DAY 2: Q&A AND LAB**

## QUESTIONS AND ANSWERS

## LAB ACTIVITIES

- Bonus points for writing each of the following with Mocha/Chai tests!
- Write an Express/Connect middleware module to implement `requireAuth` in the admin controller.
- Use Async to build a md5 hash listing of a directory, including subfolders.
- Write an Express/Connect middleware generator for Yeoman.
- Complete the Mocha tests for the Quantities object to achieve 100% coverage and confirm all conversions
